

PERFORMANCE COACH

# Matt Buckeridge

Financial Adviser  
Bachelor of Commerce  
Chartered Accountant

## WHAT MATT'S CLIENTS SAY

"We met Matt today to go through our budget and pocketSmith setting as we start this journey. He was positive and professional and took us through step by step which was great. Looking forward to reaching our goals with enable.me team."

"The knowledge of Matt, his encouragement, no judgments, able to do quick calculations and make quick adjustments. Easy to contact and a good communicator"

Matt is an experienced Chartered Accountant with a skillset derived from over 20 years operating in strategic roles across FMCG, property, manufacturing, banking, retail, and fashion sectors.

Matt is driven by a strong desire to give back and share his knowledge and experience to help others succeed and this led him into coaching. He loves the art of big picture goal setting, then breaking this down into the achievable steps required to get the desired outcome.

Matt has a rare ability to understand his clients' needs and work with them to tailor a unique strategy that marries their personal and financial aspirations. Matt brings positivity, inspiration and commitment paired with a healthy dose of pragmatism and fun to any engagement.

He loves his home on the North Shore for its proximity to the beach and the ability to enjoy activities in or on the water. Despite this he remains a firm Crusaders fan – which we won't hold against him.
